DETAILED ACTION

Allowable Subject Matter

1. Claims 1-24 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art does not specifically disclose the combination of limitations of claim 1: a system for encoding a plurality of videos acquired of a moving object in a scene by a plurality of fixed cameras, comprising: means for determining camera calibration data of each camera of a plurality of cameras; means for concurrently acquiring a plurality of videos of the 3D moving object in a scene with the plurality of cameras, in which there is one video acquired by each camera; means for associating the camera calibration data of each camera with the video acquired by the camera; means for determining a segmentation mask for each frame of each video, the segmentation mask identifying only pixels in the frame associated with the moving object; a shape encoder configured to encode the segmentation masks; a position encoder configured to encode a 3D position of each pixel; a color encoder configured to encode a color of each pixel; and means for combining the encoded segmentations masks, pixel positions and colors of the pixels to form a 3D bitstream representing the moving object.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
